

*Proceedings of*

# **CryoSat Third User Workshop**

12–14 March 2013  
Dresden, Germany

*Scientific Committee*

J. Bamber, Bristol Glaciology Centre, GB  
R. Cullen, Vega Group, ESA  
R. Dietrich, TU Dresden, DE  
R. Forsberg, Danish Technical University, DK  
K. Giles, University College London, GB  
C. Haas, University of Alberta, CA  
S. Laxon, University College London, GB  
N. Picot, CNES, FR  
H. Rott, University of Innsbruck, AU  
D. Sandwell, University of California, US  
E. Schrama, Delft University of Technology, NL  
A. Shepherd, University of Leeds, GB  
W. Smith, NOAA, US

*Organising Committee*

J. Benveniste, ESA  
C. Bouzinac, ESA/Rhea  
C. Comparetto, ESA Conference Bureau  
M. Davidson, ESA  
M. Drinkwater, ESA  
C. Morris, ESA/Serco  
L. Ouwehand, ESA  
T. Parrinello, ESA  
M. Scheinert, TU Dresden, DE

<i>Publication</i>	Proc. 'CryoSat Third User Workshop', 12–14 March 2013, Dresden, Germany (ESA SP-717, March 2014)
<i>Edited by</i>	L. Ouwehand ESA Communications
<i>Published and distributed by</i>	ESA Communications ESTEC, Noordwijk, The Netherlands
<i>Price</i>	€40
<i>ISBN</i>	978-92-9092-281-0

# CONTENTS

## Preface

### Mission, Instrument and Data Processing

*Chairs: R. Cullen & M. Roca*

CryoSat-2: Three Years of Operations (Almost)

*K. Adamson, N. Mardle & T. Parrinello*

CryoSat-2 Precision Orbit Determination Including Altimeter Calibration and Validation

*E. Schrama, M. Naeije, Y. Yi, et al.*

Measuring the Effective Along-Track Resolution of CryoSat

*M. Scagliola, N. Tagliani & M. Fornari*

Pending Anomalies and Problems in CryoSat Data Products

*C. Bouzinac, M. Fornari & R. Mannan*

## Cryosphere

*Chairs: R. Dietrich, C. Haas, K. Giles, R. Forsberg, A. Shepherd,*

*E. Schrama J. Bamber & V. Helm*

A Comparative Analysis of the Sea Ice Freeboard from CryoSat, CryoVEx and IceBridge

*S.K. Rose, L.N. Connor, S.L. Farrell et al.*

*In-Situ* Calibration and Validation of CryoSat-2 Observations over Arctic Sea Ice North of Svalbard

*S. Gerland, A.H.H. Renner, G. Spreen et al.*

Characteristics of Cryosat-2 Data over Multiyear and Seasonal Sea Ice – Initial Results

*J.F. Beckers, J.A. Casey, S. Hendricks et al.*

First Results from a CryoSat-2 Calibration Experiment in the East Antarctic Sea Ice Zone, SIPEX-2

*J.L. Lieser, P.W. Jansen, A.D. Steer et al.*

Mass Loss of Greenland from GRACE, IceSat and CryoSat

*R. Forsberg, L. Sørensen, J. Levinsen & J. Nilsson*

Validation of CryoSat-2 Products over the Continental Ice Sheet in East Antarctic  
*L. Schröder, C. Knöfel, A. Richter et al.*

An Assessment of CryoSat-2 Level 2 Elevation Data Quality over the Antarctic Ice Sheet  
*J.A. Griggs, N.W. Schoen & J.L. Bamber*

The Study of Demand and Elevation Change from CryoSat-2 Data at Dome A, East Antarctica  
*C. Zhou, Q. Qiang, E. Dongchen et al.*

Outcome of the Antarctic CryoVEx Campaigns and First CryoSat-2 Validation Results  
*C. Knöfel, L. Schröder, J. Schwabe et al.*

## **Ocean, Land & Inland Waters**

*Chairs: W. Smith, C. Gommenginger, R. Scharroo, N. Picot,  
P. Cipollini & L. Fenoglio-Marc*

A Validation Exercise for CryoSat-2 in SAR Mode in the German Bight Area  
*L. Fenoglio-Marc, S. Dinardo, R. Scharroo et al.*

The Performance of CryoSat-2 as an Ocean Altimeter  
*R. Scharroo, W. Smith E. Leuliette & J. Lillibridge*

Analysis and Inter-Calibration of Wet Path Delay Datasets to Compute the Wet Tropospheric Correction for CryoSat-2 over Ocean  
*M.J. Fernandes, A.L. Nunes & C. Lázaro*

Applications of CryoSat-2 SAR & SARin Modes for the Monitoring of River Water Levels  
*N. Bercher, S. Dinardo, B.M. Lucas et al.*

Inland Water SAR Altimetry: New Techniques and Methods for the Hydrological Exploitation of CryoSat Data  
*S. Dinardo, N. Bercher, B.M. Lucas & J. Benveniste*

## **POSTER SESSION**

### **Mission, Instrument and Data Processing**

Operational and Reprocessed CryoSat Product Quality Assessment  
*R. Mannan, M. Wallum & C. Bouzinac*

### **Cryosphere**

Evaluation of CryoSat-2 for Height Retrieval over the Himalayan Range  
*A. Dehecq, N. Gourmelen, A. Shepherd et al.*

### **Ocean - Mission, Instrument and Data Processing**

Performance of ESA CryoSat-2 GDR Data over Open Ocean  
*D. Dettmering & W. Bosch*

Preliminary Analysis Between CPP Retracker and SAMOSA Retracker over Open Ocean in SAR Mode  
*S. Dinardo, F. Boy, N. Picot et al.*

## **Coastal Ocean**

Coastal SAR Altimetry: An Experiment in the Northern Caspian Sea  
*S. Dinardo, B. M. Lucas & J. Benveniste*

## **Outreach and User Tools**

A Toolkit for CryoSat Investigations by the ESRIN EOP-SER Altimetry Team  
*S. Dinardo, B. M. Lucas & J. Benveniste*

## **Summary and Recommendations**

Summary and Recommendations from the Cryosat Third User Workshop  
*J. Benveniste, T. Parrinello & Session Co-Chairs*

## **Additional Material**

### **Photobook**

## **LIST OF PARTICIPANTS**
